47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In San Francisco, I previously used both AT&T DSL and Sonic.Net DSL. When Sonic offered residential fiber, I was very excited because their price, service and speed was the exact offering I wanted. I have the speed I want, no throttling / caps, and a company that believes in privacy.

I do not believe this offer would exist without a competitive landscape.
